

BRIDGE Logic Model

Assumptions

EBPs are best and more advantageous
Parents will want services

Leadership Team Participation

Charles County LMB, ChCHD, CCHD, St. Mary's LMB, MFN, MCF, PRC, CFC, SSW

External Factors

Political influences: current Governor, insurance difficulties, digital divide, cultural differences and thoughts about mental health/using system, distrust in Gov't and systems

Geographic differences: transportation, distances within region, local cultures of 3 different counties, childcare needs and/or limitations

Personnel challenges: competency needs, turnover, schools existing system, lack of local resources, knowledge deficit about ECMH, what services exist and how to access, private insurance lacks accessibility to services
