

1915(i) State plan Home and Community-Based Services Administration and Operation

The state implements the optional 1915(i) State plan Home and Community-Based Services (HCBS) benefit for elderly and disabled individuals as set forth below.

1. Services. (Specify the state’s service title(s) for the HCBS defined under “Services” and listed in Attachment 4.19-B):

- Intensive In-Home Services
- Mobile Crisis Response Services
- Community-Based Respite Care
- Out-of-Home Respite Care
- Family Peer Support
- Expressive and Experiential Behavioral Services
- Customized Goods & Services

2. State Medicaid Agency (SMA) Line of Authority for Operating the State plan HCBS Benefit. (Select one):

<input type="radio"/>	The State plan HCBS benefit is operated by the SMA. Specify the SMA division/unit that has line authority for the operation of the program (select one):	
<input type="radio"/>	The Medical Assistance Unit (name of unit):	
<input type="radio"/>	Another division/unit within the SMA that is separate from the Medical Assistance Unit (name of division/unit) <i>This includes administrations/divisions under the umbrella agency that have been identified as the Single State Medicaid Agency.</i>	
<input checked="" type="radio"/>	The State plan HCBS benefit is operated by (name of agency) Department of Health and Mental Hygiene – Mental Hygiene Administration	
	The HCBS benefit is operated by the Mental Hygiene Administration, a separate agency of the state that is not a division/unit of the Medicaid agency. In accordance with 42 CFR §431.10, the Medicaid agency exercises administrative discretion in the administration and supervision of the State plan HCBS benefit and issues policies, rules and regulations related to the State plan HCBS benefit. The interagency agreement or memorandum of understanding that sets forth the authority and arrangements for this delegation of authority is available through the Medicaid agency to CMS upon request.	

3. Distribution of State plan HCBS Operational and Administrative Functions.

- (By checking this box the state assures that): When the Medicaid agency does not directly conduct an administrative function, it supervises the performance of the function and establishes and/or approves policies that affect the function. All functions not performed directly by the Medicaid agency must be delegated in writing and monitored by the Medicaid Agency. When a function is performed by an agency/entity other than the Medicaid agency, the agency/entity performing that function does not substitute its own judgment for that of the Medicaid agency with respect to the application of policies, rules and regulations. Furthermore, the Medicaid Agency assures that it maintains accountability for the performance of any operational, contractual, or local regional entities. In the following table, specify the entity or entities that have responsibility for conducting each of the operational and administrative functions listed (check each that applies):

(Check all agencies and/or entities that perform each function):

Function	Medicaid Agency	Other State Operating Agency	Contracted Entity	Local Non-State Entity
1 Individual State plan HCBS enrollment	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2 Eligibility evaluation	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
3 Review of participant service plans	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
4 Prior authorization of State plan HCBS	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
5 Utilization management	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
6 Qualified provider enrollment	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
7 Execution of Medicaid provider agreement	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
8 Establishment of a consistent rate methodology for each State plan HCBS	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
9 Rules, policies, procedures, and information development governing the State plan HCBS benefit	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
10 Quality assurance and quality improvement activities	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

(Specify, as numbered above, the agencies/entities (other than the SMA) that perform each function):

2. The State Medicaid Agency performs eligibility evaluation in partnership with the contracted Administrative Services Organization (ASO), the Behavioral Health Administration (BHA), and the local Core Service Agency (CSA).
3. The BHA, ASO, and CSA perform reviews of participant services plans.
4. BHA ASO
5. The State Medicaid Agency is responsible for utilization management in partnership with the ASO and the BHA.
6. The State Medicaid Agency works in partnership with the ASO and the BHA to perform qualified provider enrollment.
8. The State Medicaid Agency and BHA work in partnership to establish a consistent rate methodology for each State plan HCBS.
9. Rules, policies, procedures, and information development governing the State plan HCBS benefit are developed by the State Medicaid Agency in partnership with the BHA.
10. Quality assurance and quality improvement activities are performed by the State Medicaid Agency and the BHA.

(By checking the following boxes the State assures that):

4. **Conflict of Interest Standards.** The state assures the independence of persons performing evaluations, assessments, and plans of care. Written conflict of interest standards ensure, at a minimum, that persons performing these functions are not:
1. related by blood or marriage to the individual, or any paid caregiver of the individual
 2. financially responsible for the individual
 3. empowered to make financial or health-related decisions on behalf of the individual
 4. providers of State plan HCBS for the individual, or those who have interest in or are employed by a provider of State plan HCBS; except, at the option of the state, when providers are given responsibility to perform assessments and plans of care because such individuals are the only willing and qualified entity in a geographic area, and the state devises conflict of interest protections. *(If the state chooses this option, specify the conflict of interest protections the state will implement):*
-
5. **Fair Hearings and Appeals.** The state assures that individuals have opportunities for fair hearings and appeals in accordance with 42 CFR 431 Subpart E.
6. **No FFP for Room and Board.** The state has methodology to prevent claims for Federal financial participation for room and board in State plan HCBS.
7. **Non-duplication of services.** State plan HCBS will not be provided to an individual at the same time as another service that is the same in nature and scope regardless of source, including Federal, state, local, and private entities. For habilitation services, the state includes within the record of each individual an explanation that these services do not include special education and related services defined in the Individuals with Disabilities Improvement Act of 2004 that otherwise are available to the individual through a local education agency, or vocational rehabilitation services that otherwise are available to the individual through a program funded under §110 of the Rehabilitation Act of 1973.

Number Served

1. Projected Number of Unduplicated Individuals To Be Served Annually.

(Specify for year one. Years 2-5 optional):

Annual Period	From	To	Projected Number of Participants
Year 1	10/1/14	9/30/15	200
Year 2			
Year 3			
Year 4			
Year 5			

2. **Annual Reporting.** *(By checking this box the state agrees to):* annually report the actual number of unduplicated individuals served and the estimated number of individuals for the following year.

Financial Eligibility

1. **Medicaid Eligible.** *(By checking this box the state assures that):* Individuals receiving State plan HCBS are included in an eligibility group that is covered under the State’s Medicaid Plan and have income that does not exceed 150% of the Federal Poverty Line (FPL). (This election does not include the optional categorically needy eligibility group specified at §1902(a)(10)(A)(ii)(XXII) of the Social Security Act.)

2. **New 1915(i) Medicaid Eligibility Group.** In addition to providing State plan HCBS to individuals described in item 1 above, the state is **also** covering the optional categorically needy eligibility group of individuals under 1902(a)(10)(A)(ii)(XXII) who are eligible for HCBS under the needs-based criteria established under 1915(i)(1)(A) and have income that does not exceed 150% of the federal poverty level, or who are eligible for HCBS under a waiver approved for the state under section 1915(c), (d) or (e) or section 1115 to provide such services to individuals whose income does not exceed 300% of the supplemental security income benefit rate (as described in Attachment 2.2A, pages 27 of the State Plan).

3. **Medically Needy** *(Select one):*

<input type="checkbox"/> The State does not provide State plan HCBS to the medically needy.
<input checked="" type="checkbox"/> The State provides State plan HCBS to the medically needy. <i>(Select one):</i>
<input type="checkbox"/> The state elects to disregard the requirements section of 1902(a)(10)(C)(i)(III) of the Social Security Act relating to community income and resource rules for the medically needy. When a state makes this election, medically needy individuals receive only 1915(i) services.
<input checked="" type="checkbox"/> The state does not elect to disregard the requirements at section 1902(a)(10)(C)(i)(III) of the Social Security Act.

Evaluation/Reevaluation of Eligibility

- 1. Responsibility for Performing Evaluations / Reevaluations.** Eligibility for the State plan HCBS benefit must be determined through an independent evaluation of each individual). Independent evaluations/reevaluations to determine whether applicants are eligible for the State plan HCBS benefit are performed (*Select one*):

<input type="radio"/>	Directly by the Medicaid agency
<input checked="" type="radio"/>	By Other (<i>specify State agency or entity under contract with the State Medicaid agency</i>):
	The Mental Hygiene Administration, in conjunction with a contracted administrative services organization, and Core Services Agencies, the local mental health authorities responsible for planning, managing, and monitoring public mental health services at the local level.

- 2. Qualifications of Individuals Performing Evaluation/Reevaluation.** The independent evaluation is performed by an agent that is independent and qualified. There are qualifications (that are reasonably related to performing evaluations) for the individual responsible for evaluation/reevaluation of needs-based eligibility for State plan HCBS. (*Specify qualifications*):

The independent evaluation and reevaluation will be completed by the Administrative Services Organization (ASO) on behalf of the Mental Hygiene Administration (MHA). Maryland-licensed mental health professionals trained in the use of the applicable standardized tools will perform the evaluations. This may include Psychiatrists, Nurse Psychotherapists (ARNP-PMH), Psychiatric Nurse Practitioners (CRNP-PMH), Licensed Clinical Social Workers, Licensed Clinical Professional Counselors, or a Psychologist.

- 3. Process for Performing Evaluation/Reevaluation.** Describe the process for evaluating whether individuals meet the needs-based State plan HCBS eligibility criteria and any instrument(s) used to make this determination. If the reevaluation process differs from the evaluation process, describe the differences:

The Administrative Services Organization (ASO), on behalf of the Mental Hygiene Administration will verify eligibility, perform the independent evaluation of needs-based criteria, and pre-authorize all of the medically appropriate mental health services.

A licensed mental health professional will conduct the evaluation, based upon Maryland's definition of medically necessary treatment which requires services or benefits to be:

- (1) directly related to diagnostic, preventive, curative, palliative, rehabilitative, or ameliorative treatment of an illness, injury, disability, or health condition;
- (2) consistent with currently accepted standards of good medical practice;
- (3) the most cost efficient service that can be provided without sacrificing effectiveness or access to care; and
- (4) not primarily for the convenience of the consumer, family, or provider.

The evaluator will be familiar with the medical necessity criteria and will use those criteria and the individual's clinical history to determine eligibility. The evaluator will utilize a psychiatric assessment and psychosocial assessment to generate a score on the ECSII or CASII for the youth, and will compare that to the score generated by the Core Service Agency based on the same documentation. If necessary, the evaluator will gather additional information by telephone or other means in conjunction with the CSA.

Specific eligibility criteria, including re-evaluation criteria, are outlined in #5 below.

Once the evaluator has determined eligibility for services, a Care Coordination Organization will work with the child and family to develop an individualized Plan of Care (POC) that is consistent with the principles of Wraparound (i.e. strengths-based, individualized, community-based, etc), as defined by the National Wraparound Initiative. The CCO will review the POC at least every 45 days, with a review by the ASO when there is a change to the POC that necessitates a pre-authorization.

The ASO will review at least the most recent POC along with other documentation at least annually as part of the review for continued eligibility for services. The medical re-evaluation, including a CASII or ECSII review, will be completed by the ASO based on:

1. An updated psychosocial assessment from a treating mental health professional supporting the need for continued HCBS benefit services;
2. A CASII or ECSII review by a licensed mental health professional at the Care Coordination Organization (with a CASII score of 5 or 6 or ECSII score of 4 or 5); and,
3. A review of HCBS benefit service utilization over the past 6 months.

4. **Reevaluation Schedule.** *(By checking this box the state assures that):* Needs-based eligibility reevaluations are conducted at least every twelve months.

5. **Needs-based HCBS Eligibility Criteria.** *(By checking this box the state assures that):* Needs-based criteria are used to evaluate and reevaluate whether an individual is eligible for State plan HCBS.

The criteria take into account the individual's support needs, and may include other risk factors: *(Specify the needs-based criteria):*

The State has developed eligibility criteria in accordance with 42 CFR 441.715.

A child or youth must demonstrate the following minimum requirements to be considered for 1915(i) services:

1. Impaired Functioning & Service Intensity: A licensed mental health professional (including Psychiatrists, Nurse Psychotherapists (ARNP-PMH), Psychiatric Nurse Practitioners (CRNP-PMH), Licensed Clinical Social Workers, Licensed Clinical Professional Counselors, or a Psychologist.) must complete or update a comprehensive psychosocial assessment within 30 days of the submission of the application to the ASO. The psychosocial assessment must outline how, due to the behavioral health disorder(s), the child or adolescent exhibits a significant impairment in functioning, representing potential serious harm to self or others, across settings, including the home, school, and/or community. The serious harm does not necessarily have to be of an imminent nature. The psychosocial assessment must support the completion of the Early Childhood Service Intensity Instrument (ECSII) for youth ages 0-5 or the Child and Adolescent Service Intensity Instrument (CASII) for youth ages 6-21.
 - a. Youth must receive a score of:
 - i. 4 (High Service Intensity) or 5 (Maximal Service Intensity) on the ECSII or
 - ii. 5 (Non-Secure, 24-Hour, Medically Monitored Services) or 6 (Secure, 24-Hours, Medically Managed Services) on the CASII

- b. Youth with a score of 5 on the CASII also must meet one of the following criteria to be eligible based on their impaired functioning and service intensity level:
 - i. Transitioning from a Residential Treatment Center;
 - ii. Living in the community and
 - 1. At least 13 years old and have
 - a. 3 or more inpatient psychiatric hospitalizations in the past 12 months or
 - b. Been in an RTC within the past 90 days.
 - 2. Age 6 through 12 years old and have
 - a. 2 or more inpatient psychiatric hospitalizations in the past 12 months or
 - b. Been in an RTC within the past 90 days.
- c. Youth who are younger than 6 years old who have a score of a 4 on the ECSII either must:
 - i. Be referred directly from an inpatient hospital unit or
 - ii. If living in the community, have two or more psychiatric inpatient hospitalizations in the past 12 months.
- 2. Other Community Alternatives: The accessibility and/or intensity of currently available community supports and services are inadequate to meet these needs due to the severity of the impairment without the provision of one or more of the services contained in the HCBS Benefit, as determined by the DHMH or its designee.
- 3. Duplication of Services: The youth may not be enrolled in an Adult Residential Program for Adults with Serious Mental Illness licensed under COMAR 10.21.22 or a Health Home while enrolled in the HCBS benefit.

6. **Needs-based Institutional and Waiver Criteria.** *(By checking this box the state assures that):* There are needs-based criteria for receipt of institutional services and participation in certain waivers that are more stringent than the criteria above for receipt of State plan HCBS. If the state has revised institutional level of care to reflect more stringent needs-based criteria, individuals receiving institutional services and participating in certain waivers on the date that more stringent criteria become effective are exempt from the new criteria until such time as they no longer require that level of care. *(Complete chart below to summarize the needs-based criteria for State Plan HCBS and corresponding more-stringent criteria for each of the following institutions):*

State plan HCBS needs-based eligibility criteria	NF (& NF LOC** waivers)	ICF/MR (& ICF/MR LOC waivers)	Applicable Hospital* (& Hospital LOC waivers)
<p>A child or youth must demonstrate the following minimum requirements to be considered for 1915(i) services:</p> <p>1) Impaired Functioning & Service Intensity: A licensed mental health professional (including</p>	<p>Maryland allows reimbursement to nursing homes for eligible persons who require hospital care, but who, because of their mental or physical condition, require skilled nursing care and</p>	<p>Md. Code Reg. 10.22.01.01 contains the following definitions: (2) "Alternative living unit (ALU)" means a residence owned, leased, or operated by a licensee that: (a) Provides residential services for individuals</p>	<p>For inpatient hospital psychiatric emergency detention or involuntary admission, Md. Health Gen. §§ 10-613 through 619 requires that: (1) the individual has a mental disorder; (2) the individual needs</p>

<p>Psychiatrists, Nurse Psychotherapists (ARNP-PMH), Psychiatric Nurse Practitioners (CRNP-PMH), Licensed Clinical Social Workers, Licensed Clinical Professional Counselors, or a Psychologist.) must complete or update a comprehensive psychosocial assessment within 30 days of the submission of the application to the ASO. The psychosocial assessment must outline how, due to the behavioral health disorder(s), the child or adolescent exhibits a significant impairment in functioning, representing potential serious harm to self or others, across settings, including the home, school, and/or community. The serious harm does not necessarily have to be of an imminent nature. The psychosocial assessment must support the completion of the Early Childhood Service Intensity Instrument (ECSII) for youth ages 0-5 or the Child and Adolescent Service Intensity Instrument (CASII) for youth ages 6-21</p> <p>a. Youth must receive a score of 4 or 5 on the ECSII, or 5 or 6 on the CASII.</p> <p>b. Youth with a score of 5 on the CASII also must meet one of the following criteria to</p>	<p>related services, rehabilitation services, or, on a regular basis, health-related care and services (above the level of room and board) which can be made available to them only through institutional facilities. Md. Code Reg. 10.09.10.</p>	<p>who, because of a developmental disability, require specialized living arrangements;</p> <p>(b) Admits not more than 3 individuals; and</p> <p>(c) Provides 10 or more hours of supervision per unit, per week.</p> <p>(25) "Group home" means a residence owned, leased, or operated by a licensee that:</p> <p>(a) Provides residential services for individuals who, because of a developmental disability, require specialized living arrangements;</p> <p>(b) Admits at least four, but not more than eight individuals; and</p> <p>(c) Provides 10 or more hours of supervision per week.</p> <p>(16) "Developmental disability" as a chronic disability of an individual that:</p> <p>(a) Is attributable to a physical or mental impairment, other than the sole diagnosis of mental illness, or to a combination of mental and physical impairments;</p> <p>(b) Is likely to continue indefinitely;</p> <p>(c) Is manifested in an individual younger than 22 years old;</p> <p>(d) Results in an inability to live independently without external support or continuing and regular assistance; and</p> <p>(e) Reflects the need for a combination and sequence of special,</p>	<p>inpatient care or treatment; (3) The individual presents a danger to the life or safety of the individual or of others;</p> <p>(4) The individual is unable or unwilling to be admitted voluntarily; and;</p> <p>(5) There is no available, less restrictive form of intervention that is consistent with the welfare and safety of the individual.</p> <p>For voluntary admission to a psychiatric hospital, the requirements of Md. Health Gen. §§ 10-609 and 10-610 for minors must be met, including a formal, written application. A facility may not admit an individual under this section unless: the</p> <p>(1) individual has a mental disorder; (2) The mental disorder is susceptible to care or treatment; (3) The individual understands the nature of the request for admission; (4) The individual is able to give continuous assent to retention by the facility; and (5) The individual is able to ask for release.</p>
---	---	--	--

<p>be eligible based on their impaired functioning and service intensity level:</p> <ul style="list-style-type: none"> i. Transitioning from a Residential Treatment Center; ii. Living in the community and <ul style="list-style-type: none"> 1. At least 13 years old and have 3 or more inpatient psychiatric hospitalizations in the past 12 months, or been in an RTC within the past 90 days. 2. Age 6 through 12 years old and have 2 or more inpatient psychiatric hospitalizations in the past 12 months or been in an RTC within the past 90 days. c. Youth who are younger than 6 years old and have a score of a 4 on the ECSII either must be referred directly from an inpatient hospital unit or if living in the community, have two or more psychiatric inpatient hospitalizations in the past 12 months. <p>2) Other Community</p>		<p>interdisciplinary, or generic care, treatment, or other services that are individually planned and coordinated for the individual.</p>	
---	--	---	--

<p>Alternatives: The accessibility and/or intensity of currently available community supports and services are inadequate to meet these needs due to the severity of the impairment without the provision of one or more of the services contained in the HCBS Benefit, as determined by the DHMH or its designee.</p> <p>Duplication of Services: The youth may not be enrolled in an Adult Residential Program for Adults with Serious Mental Illness licensed under COMAR 10.21.22 or a Health Home while enrolled in the HCBS benefit.</p>

*Long Term Care/Chronic Care Hospital

**LOC= level of care

7. **Target Group(s).** The state elects to target this 1915(i) State plan HCBS benefit to a specific population based on age, disability, diagnosis, and/or eligibility group. With this election, the state will operate this program for a period of 5 years. At least 90 days prior to the end of this 5 year period, the state may request CMS renewal of this benefit for additional 5-year terms in accordance with 1915(i)(7)(C). (*Specify target group(s)*):

<p>This HCBS benefit is targeted to youth and young adults with serious emotional disturbances (SED) and their families.</p> <ol style="list-style-type: none"> 1. Age: Youth must be under 18 years of age at the time of enrollment although they may continue in HCBS Benefit up to age 22. 2. Consent: <ol style="list-style-type: none"> a. Youth under 18 must have consent from the parent or legal guardian to participate; for young adults who are 18 or older and already enrolled, the young adult must consent to participate. Youth over 18 who are in the care and custody of the State, require consent from their legal guardian. b. The consent to participate includes information on the array and availability of services, data collection and information-sharing, and rights and responsibilities under Maryland Medical Assistance. 2. Behavioral Health Disorder: <ol style="list-style-type: none"> a. Youth must have a behavioral health disorder amenable to active clinical treatment.

The evaluation and assignment of a Diagnostic and Statistical Manual (DSM) diagnosis must result from a face-to-face psychiatric evaluation that was completed or updated within 30 days of submission of the application to the Department or its designee.

There must be clinical evidence the child or adolescent has a serious emotional disturbance (SED) and continues to meet the service intensity needs and medical necessity criteria for the duration of their enrollment. Because of the clinical requirement that the young person have an SED in order to be covered under the Program, the State will require the young person to be actively involved in ongoing mental health treatment on a regular basis in order to receive 1915(i) services.

(By checking the following boxes the State assures that):

8. **Adjustment Authority.** The state will notify CMS and the public at least 60 days before exercising the option to modify needs-based eligibility criteria in accord with 1915(i)(1)(D)(ii).

9. **Home and Community-Based Settings.** The State plan HCBS benefit will be furnished to individuals who reside and receive HCBS in their home or in the community, not in an institution. *(Explain how residential and non-residential settings in this SPA comply with Federal HCB Settings requirements at 42 CFR 441.710(a)-(b) and associated CMS guidance. Include a description of the settings where individuals will reside and where individuals will receive HCBS, and how these settings meet the Federal HCB Settings requirements, at the time of submission and in the future):*

(Note: In the Quality Improvement Strategy (QIS) portion of this SPA, the state will be prompted to include how the state Medicaid agency will monitor to ensure that all settings meet federal HCB Setting requirements, at the time of this submission and ongoing.)

The State plan HCBS benefit will be furnished to individuals who reside and receive HCBS in their home or in the community, not in an institution. This may include residence in:

- 1) a home or apartment with parents, family, or legal guardian or living independently, that is not owned, leased or controlled by a provider of any health-related treatment or support services; or
- 2) a home or apartment that is a licensed family foster care home or a licensed treatment foster care home. These settings are the private homes of foster parents who must meet a number of standard environmental and physical space dimensions of the home which are geared toward the individual needs of the children who live there. Foster home licensing also requires ongoing training for the foster parents, with more rigorous training, support, and consultation for treatment foster parents. These are not group homes with staff providing services.

Person-Centered Planning & Service Delivery

(By checking the following boxes the state assures that):

1. There is an independent assessment of individuals determined to be eligible for the State plan HCBS benefit. The assessment meets federal requirements at 42 CFR §441.720.
2. Based on the independent assessment, there is a person-centered service plan for each individual determined to be eligible for the State plan HCBS benefit. The person-centered service plan is developed using a person-centered service planning process in accordance with 42 CFR §441.725(a), and the written person-centered service plan meets federal requirements at 42 §441.725(b).
3. The person-centered service plan is reviewed, and revised upon reassessment of functional need as required under 42 CFR §441.720, at least every 12 months, when the individual's circumstances or needs change significantly, and at the request of the individual.

Responsibility for Face-to-Face Assessment of an Individual's Support Needs and Capabilities.

There are educational/professional qualifications (that are reasonably related to performing assessments) of the individuals who will be responsible for conducting the independent assessment, including specific training in assessment of individuals with need for HCBS. *(Specify qualifications):*

Care Coordinators will be responsible for conducting a face-to-face assessment of an individual's support needs and capabilities. Care Coordinators are employed by the Care Coordination Organizations (CCOs) and have met all the requirements of being a care coordinator.

Qualifications for Care Coordination Organizations (CCOs) are described in COMAR 10.09.90, and all 1915(i) participants are required to receive care coordination services under the same regulations. The State Plan Amendment pages for Care Coordination for Children and Youth include detailed requirements for CCOs. Care Coordinators employed by the CCO must demonstrate the following:

- i. Bachelor's degree and has met the Department's training requirements for care coordinators; or
- ii. A high school diploma or equivalency and
 - a. Is 21 years or older; and
 - b. Was a participant in, or is a direct caregiver, or was a direct caregiver of an individual who received services from the public and child- and family-serving system; and
 - c. Meets the training and certification requirements for care coordinators as set forth by the Department.
 - d. Is employed by the CCO to provide care coordination services to participants; and
 - e. Provides management of the POC and facilitation of the team meetings.

4. **Responsibility for Development of Person-Centered Service Plan.** There are qualifications (that are reasonably related to developing service plans) for persons responsible for the development of the individualized, person-centered service plan. *(Specify qualifications):*

Participants in this State Plan HCBS benefit will participate in the wraparound practice model, facilitated by the CCO. Qualifications for Care Coordination Organizations (CCOs) are described in COMAR 10.09.90, and all 1915(i) participants are required to receive care coordination services under the same regulations. The State Plan Amendment pages for Care Coordination for Children and Youth include detailed requirements for CCOs. Care Coordinators employed by the CCO must demonstrate the following:

- i. Bachelor's degree and has met the Department's training requirements for care coordinators; or
- ii. A high school diploma or equivalency and
 - a. Is 21 years or older; and
 - b. Was a participant in, or is a direct caregiver, or was a direct caregiver of an individual who received services from the public and child- and family-serving system; and
 - c. Meets the training and certification requirements for care coordinators as set forth by the Department.
 - d. Is employed by the CCO to provide care coordination services to participants; and
 - e. Provides management of the POC and facilitation of the team meetings.
- iii. Care Coordinators may not be related by blood or marriage to the individual, or any paid caregiver of the individual, to whom they deliver care coordination services.

The Clinical Director, a licensed mental health professional, will supervise the development and ongoing implementation of the POC and review and approve the POC.

A core element of the wraparound practice model is the team approach. This team includes the CCO, child or youth (as appropriate), caregiver(s), support persons identified by the family (paid and unpaid), and service providers, including the youth's treating clinician as available. The team should meet regularly and revisit the POC during meetings.

There are a variety of assessments used to develop the POC, including information collected during the application process, and all life domains are incorporated into the POC. The Child and Adolescent Needs and Strengths (CANS) is administered every 90 days by the CCO supervisor to support identification of strengths and needs for care planning. Information from the family and their identified supports is incorporated as a part of the process.

- 5. Supporting the Participant in Development of Person-Centered Service Plan.** Supports and information are made available to the participant (and/or the additional parties specified, as appropriate) to direct and be actively engaged in the person-centered service plan development process. (*Specify: (a) the supports and information made available, and (b) the participant's authority to determine who is included in the process:*)

The child's/youth's family is informed verbally and in writing about overall services available in the State Plan HCBS benefit at the time they make the choice to enroll. One of the key philosophies in the Wraparound process is family-determined care. This means that parent(s) or legal guardian, youth and family members are the primary decision makers in the care of their family. The CCO is responsible for working with the participant, family, and team to develop the Plan of Care through the process outlined below.

Within 72 hours of notification of enrollment, the Care Coordination Organization (CCO) contacts the participant and family to schedule a face-to-face meeting. At the first meeting between the CCO, participant, and family after enrollment, the CCO will:

- (a) Administer the appropriate assessments, as designated by the Mental Hygiene Administration (MHA);
- (b) Work with the participant and family to develop an initial crisis plan that includes response to immediate service needs;
- (c) Provide an overview of the wraparound process; and
- (d) Facilitate the family sharing their story.

The CCO will, with the participant and family: identify needs that they will work on in the planning process; determine who will attend team meetings; contact potential team members, provide them with an overview of the wraparound process, and discuss expectations for the first team meeting; conduct an initial assessment of strengths of the participant, their family members and potential team members; and, determine the vision statement with the family.

The team, which includes the participant and his or her family and informal and formal supports will determine the family vision which will guide the planning process; identify strengths of the entire team; determine the needs that the team will be working on; determine outcome statements for meeting identified needs; determine the specific services and supports required in order to achieve the goals identified in the POC; create a mission statement that the team generates and commits to following; identify the responsible person(s) for each of the strategies in the POC; review and update the crisis plan; and, meet at least every 45 days to coordinate the implementation of the POC and update the POC as necessary.

Before the provision of services in the POC, MHA or its designee shall review and authorize the services designated in the POC. The CCO in collaboration with the team shall reevaluate the POC at least every 45 days with re-administration of MHA-approved assessments as appropriate. During the development of the plan of care, family members and other supports identified by the family also participate as a part of the team. These participants may change as the child's or youth's needs change particularly as he/she is transitioning out of the formal Wraparound services. The participant/family will sign a document that is part of the POC next to the statement that reads, "My family had voice and choice in the selection of services, providers and interventions, when possible, in the Wraparound process of building my family's Plan of Care."

6. Informed Choice of Providers. *(Describe how participants are assisted in obtaining information about and selecting from among qualified providers of the 1915(i) services in the person-centered service plan):*

MHA or its designee will have and maintain a database and/or directory available to the CCO and the family from which to choose providers to implement the plan of care. Providers are selected by team with the support of the CCO. Participants are active members who will, depending on age and/or cognitive development, assist in the selection of providers based on the POC and the expertise of the team members. There will be an ongoing enrollment of providers to ensure the capacity is available.

7. Process for Making Person-Centered Service Plan Subject to the Approval of the Medicaid Agency. *(Describe the process by which the person-centered service is made subject to the approval of the Medicaid agency):*

Wraparound is a team-level decision making process. The team determines the various supports and services that need to be in place for the family with the family and youth

driving the process. The team is responsible to hold each other accountable in ensuring the implementation of high quality services for the family. The Care Coordination Organization (CCO) will manage the Plan of Care (POC). The Clinical Director, a licensed mental health professional employed by the CCO, will supervise the development and ongoing implementation of the POC and review and approve the POC. Prior to the provision of services in the POC, MHA or its designee will review and authorize the services designated in the POC based on medical necessity criteria for all Medicaid services. The POC will be provided to MHA or its designee to ensure that services that are authorized are consistent with the POC.

In addition, training and coaching will be provided by the University of Maryland, and the Wraparound Fidelity Assessment System administered to ensure that the care planning process is meeting the tenets of High-Fidelity Wraparound and quality practice with families. Peer support partners and the Family Support Organizations also will work in partnership with the CCOs to ensure that families’ needs are being met through Wraparound and to empower families to be their own advocates for quality services and supports.

Families have access to services made available in the 1915(i) and public mental health system that will address their individualized needs, as long as they meet medical necessity criteria. Families have the primary decision making responsibility around provider selection. If a family is dissatisfied with a provider, there is an internal process within the CCO to address these needs and mediate as well as transition to another provider when needed. This includes dissatisfaction with CCOs and any other providers. The POC process is designed to identify and address the individualized needs of each family. If a plan is not working for the family, the plan is revisited and redesigned to better meet the needs of the family. The team shares the philosophy that “the family doesn’t fail, the plan fails” and in turn needs to be re-developed. Families’ needs and strengths will be identified in part through the CANS as mentioned in the prior questions.

The CCO is responsible for monitoring the implementation of plans of care by service providers. MHA will sample plans of care, review participant records, and track and trend the results of quality management activities as part of the quality assurance plan outlined below. MHA will document the results of ongoing monitoring activities in quarterly and annual reports that are provided to the Medicaid Agency. The Medicaid Agency will review the quarterly and annual reports that are prepared by MHA. To address any service deficiencies, the Medicaid Agency will work in collaboration with MHA to implement any necessary changes to a participant’s plan of care, prepare letters to providers that document deficiencies, and impose provider sanctions as needed.

8. Maintenance of Person-Centered Service Plan Forms. Written copies or electronic facsimiles of service plans are maintained for a minimum period of 3 years as required by 45 CFR §74.53. Service plans are maintained by the following (*check each that applies*):

Services

1. State plan HCBS. (Complete the following table for each service. Copy table as needed):

Service Specifications (Specify a service title for the HCBS listed in Attachment 4.19-B that the state plans to cover):	
Service Title:	Intensive In-Home Services
Service Definition (Scope):	
<p>Intensive In-Home Services (IIHS) is a strengths-based intervention with the child and his or her identified family (which may include biological family members, foster family members, treatment foster family members, or other individuals with whom the youth resides). When approved for this service, the IIHS provider sees the family and/or youth at least once each week. IIHS includes a series of components, including functional assessments and treatment planning, individualized interventions, transition support, and in some cases, crisis response and intervention.</p> <p>IIHS may be provided to the child alone, to other family members, and to the child and family members together. The services provided to other family members are essential to the positive course of treatment of the youth enrolled in the program. Examples of this include strengthening a caregiver's ability to manage challenging child behaviors, developing skills in setting appropriate boundaries with the child, and developing de-escalation skills that are necessary to stabilize the young person and the home setting. The IIHS treatment plan must be integrated with the overall POC, and the IIHS providers must work with the team and family to transition out of the intensive service.</p> <p>IIHS is intended to support a child to remain in his or her home and reduce hospitalizations and out-of-home placements or changes of living arrangements through focused interventions in the home and community. Examples of situations in which IIHS may be used include at the start of a child's enrollment in the HCBS benefit, upon discharge from a hospital or residential treatment center, or to prevent or stabilize after a crisis situation.</p> <p>IIHS includes a crisis service component, with IIHS providers immediately available 24 hours per day, 7 days each week to provide services as needed to prevent, respond to, or mitigate a crisis situation. If the crisis cannot be defused, the IIHS provider is responsible for assisting the family in accessing emergency services immediately for that child.</p>	
Additional needs-based criteria for receiving the service, if applicable (<i>specify</i>):	
N/A	
Specify limits (if any) on the amount, duration, or scope of this service for (<i>choose each that applies</i>):	
<input checked="" type="checkbox"/>	Categorically needy (<i>specify limits</i>):

<p>The service is automatically authorized for 60 days for any individual meeting the eligibility criteria of this 1915(i) State Plan Amendment. Thereafter, the services will be authorized in six month increments. IIHS may not be billed on the same day as Mobile Crisis Response Services (MCRS), Mobile Treatment Services (MTS), partial hospitalization (day treatment), family therapy (not including individual therapy, medication management, or group therapy), an admission to an inpatient hospital or residential treatment center, or therapeutic behavioral services. The services provided under IIHS may not be duplicative of other Public Mental Health System or HCBS benefit services.</p>

Service Specifications (Specify a service title for the HCBS listed in Attachment 4.19-B that the state plans to cover):

Service Title: **Mobile Crisis Response Services (MCRS)**

Service Definition (Scope):

Mobile Crisis Response Services (MCRS) are interventions for participants and families that:

- Are offered in response to urgent mental health needs, as defined by the child and/or family;
- Are available on an immediate, on-call basis 24 hours per day, 7 days per week;
- Are incorporated into the participant's Plan of Care;
- Are short-term, individualized services that assist in de-escalating crises and stabilizing children and youth in their home and community setting;
- Are designed to maintain the child or youth in his or her current living arrangements, to prevent movement from one living arrangement to another and to prevent repeated hospitalizations;
- Include the delivery of a variety of services in accordance with a comprehensive, individualized plan for stabilization that:
 - Addresses safety concerns and risk factors, including the family's definition of the crisis;
 - Includes family triggers, strengths, and supports; and,
 - Identifies both immediate and continued interventions to ensure stabilization in the home and community setting, which may include strategies to de-escalate and prevent a crisis situation, short-term in-home therapy, behavioral management and support, coordination and development of natural supports, and skills training on coping and activities of daily living.

MCRS may be provided in any community location to prevent emergency room visits, hospitalization or movement from one living arrangement to another, including but not limited to, the family home or foster home.

MCRS is the crisis response service for participants who may be enrolled in FFT, which does not have a crisis component, or for participants that do not require IIHS and receive mental health treatment from a licensed mental health professional on an outpatient basis.

The MCRS provider will triage the call and dispatch an MCRS crisis responder to the location where the crisis is occurring, if the crisis has not been de-escalated over the phone and the MCRS provider has determined that an in-person response is necessary based on established best practices in crisis response and the family's individual definition of a crisis. The MCRS provider must determine if a crisis responder should be dispatched, and the crisis responder must be contacted immediately to travel to the location where the crisis is occurring. The MCRS crisis responder will assess the situation, including the potential for danger that the child poses to him/herself or others. The crisis responder will de-escalate the crisis and support the child and family to be stabilized. If the crisis cannot be de-escalated, the crisis responder will contact the police to ensure the safety of the child and family.

There are three components of MCRS that can be billed:

- **Assessment:** Conducted prior to a crisis, in coordination (and together, where possible) with the Care Coordination Organization to develop an initial crisis plan within the first week of enrollment in the HCBS Benefit
- **Crisis Response:** In-person response to the location where a crisis is occurring to assess, de-escalate, and provide initial stabilization.

<ul style="list-style-type: none"> Stabilization: In-person support for up to two weeks following a crisis response to support revisions to the crisis plan and provide education and training on preventing and responding to crises. Stabilization may also be provided at the recommendation of the CCO to prevent a crisis, and must be authorized separately by the ASO. 			
<p>MCRS providers are strongly encouraged to participate in the team process prior to a crisis occurring, and after a crisis occur.</p>			
<p>Additional needs-based criteria for receiving the service, if applicable (<i>specify</i>):</p>

Service Specifications (Specify a service title for the HCBS listed in Attachment 4.19-B that the state plans to cover):

Service Title:	Community-Based Respite Care
Service Definition (Scope):	
<p>Community-Based Respite Services are temporary care services arranged on a planned or unplanned basis. Respite provides stabilization and relieves a caregiver from the stress of care giving. Unplanned respite may be provided on an emergency basis due to an unforeseen event, or to help mitigate a potential crisis situation. These services may be provided in the home or the community. Community-based respite services are consistent with existing State of Maryland regulations for in-home respite care which is paid for using State-only dollars (COMAR 10.21.27).</p> <p>Respite care services are those that are:</p> <ol style="list-style-type: none"> (1) Provided on a short-term basis in a community-based setting; and (2) Designed to support an individual to remain in the individual's home by: 	

(a) Providing the individual with enhanced support or a temporary alternative living situation, or (b) Assisting the individual’s home caregiver by temporarily freeing the caregiver from the responsibility of caring for the individual. Additionally, the respite services are designed to fit the needs of the individuals served and their caregivers. A program may provide respite care services as needed for an individual based on the Child/Youth and Family Team’s Plan of Care (POC). The specific treatment plan for the community-based respite care should outline the duration, frequency, and location and be designed with a planned conclusion.			
Additional needs-based criteria for receiving the service, if applicable (<i>specify</i>):			
N/A			
Specify limits (if any) on the amount, duration, or scope of this service for (<i>chose each that applies</i>):			
<input checked="" type="checkbox"/>	Categorically needy (<i>specify limits</i>):		
Community-based respite services are available to children receiving the HCBS benefit who are residing in his or her family home (biological or kin), legal guardian’s home, pre-adoptive/adoptive, or foster home. Community-based respite services do not include on-going day care or before or after school programs. Community-based respite services are not available to children residing in residential child care facilities (COMAR 14.31.05-.07) or treatment foster homes.			
The service is automatically authorized for 60 days for any individual meeting the eligibility criteria of this 1915(i) State Plan Amendment. Thereafter, the services will be authorized in six month increments. A minimum of one hour of the service must be provided to bill, up to a maximum of six hours per day. The services provided under Community-Based Respite Care may not be duplicative of other Public Mental Health System or HCBS benefit services, and will not be paid on the same day as therapeutic behavioral services (COMAR 10.09.34) or any other public mental health system respite services.			
The limit may be exceeded only by determination of need in accordance with the person-centered service plan and the participant directed budget. Individuals who may require services beyond the stated limit may work with their care coordinator and service provider to request additional service authorization by the ASO. The ASO will review the request for medical necessity and demonstrated need to extend the service beyond the limit, based on criteria developed by the Department.			
The limit on community-based respite six hourly units allowed in a given day. Thus service provision that might exceed this daily limit may be a situation better suited to use of the out-of-home respite service which can cover up to a 24 hour period. The two respite care services are treated as a continuum of options for providing care givers with a break.

Service Specifications (Specify a service title for the HCBS listed in Attachment 4.19-B that the state plans to cover):

Service Title:	Out-of-Home Respite
Service Definition (Scope):	
Out-of-Home Respite Services are temporary care which is arranged on a planned or unplanned basis. Respite provides stabilization and relieves a caregiver from the stress of care-giving. Unplanned	

respite may be provided on an emergency basis due to an unforeseen event, or to help mitigate a potential crisis situation. Out-of-home respite is provided in community-based alternative living arrangements that are appropriately licensed, registered, or approved, based on the age of individuals receiving services, and whether the respite has capacity to do overnight services. Out-of-home respite services may not be provided in an institutional setting or on a hospital or residential facility campus. The services provided under Out-of-Home Respite Care may not be duplicative of other Public Mental Health System or HCBS benefit services.

Additional needs-based criteria for receiving the service, if applicable (*specify*):

N/A

Specify limits (if any) on the amount, duration, or scope of this service for (*chose each that applies*):

Categorically needy (*specify limits*):
 Out-of-Home respite services only are available to children receiving the HCBS benefit who are residing in his or her family home (biological or kin), legal guardian’s home, pre-adoptive/adoptive, or foster home. Out-of-home respite services are not available to children residing in residential child care facilities (COMAR 14.31.05-.07) or treatment foster homes. Out-of-home respite services do not include on-going day care or before or after school programs.

The service is automatically authorized for a 60 day period after enrollment for any individual meeting the eligibility criteria of this 1915(i) State Plan Amendment. This is not to say that the Out-of-home respite episode would be 60 days in duration, as it is generally offered as a single overnight or in some cases, as a weekend of respite care for a family. After this initial 60-day period, the services will be authorized in six month increments. Out-of-home respite must be provided in a community-based alternative living arrangement outside of the child’s home and must be provided for a minimum of twelve hours overnight in order to bill. Participants may receive a maximum of 24 overnight units of out-of-home respite services annually. This limit is based on the framework of up to one weekend of respite care in a given month, or similar reasonable configuration.

The limit may be exceeded only by determination of need in accordance with the person-centered service plan and the participant directed budget. Individuals who may require services beyond the stated limit may work with their care coordinator and service provider to request additional service authorization by the ASO. The ASO will review the request for medical necessity and demonstrated need to extend the service beyond the limit, based on criteria developed by the Department.

Medically needy (*specify limits*):
 Service limits are the same as those for the categorically needy.

Service Specifications (Specify a service title for the HCBS listed in Attachment 4.19-B that the

<i>state plans to cover):</i>			
Service Title:		Expressive and Experiential Behavioral Services	
Service Definition (Scope):			
<p>Expressive and Experiential Behavioral Services are adjunct therapeutic modalities to support individualized goals as part of the plan of care. These services involve action on the part of the provider and the participant. The aim of creative therapeutic modalities is to help participants find a form of expression beyond words or traditional therapy. They include techniques that can be used for self-expression and personal growth and aid in the healing and therapeutic process.</p> <p>Experiential and Expressive Therapeutic Services include the following, and may include other specific service types if they meet DHMH’s standards for training, certification, and accountability:</p> <ul style="list-style-type: none"> • Art Behavioral Services • Dance/Movement Behavioral Services • Equine-Assisted Behavioral Services • Horticultural Behavioral Services • Music Behavioral Services • Drama Behavioral Services

<p>Service Specifications (Specify a service title for the HCBS listed in Attachment 4.19-B that the state plans to cover):</p>	
<p>Service Title:</p>	<p>Customized Goods and Services</p>
<p>Service Definition (Scope):</p>	
<p>Customized Goods and Services are those used in support of the child and family’s POC for a participant receiving care coordination from a CCO. All customized goods and services expenditures must be used to support the individualized POC for the child and family and are to be used for reasonable and necessary costs. A reasonable cost is one that, in its nature and amount, does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the cost. Necessary costs have been generally determined to be those that are likely to improve outcomes or remediate a particular and specific need identified in the POC.</p> <p>This item or service must aim to decrease the need for other Medicaid services, promote inclusion in the community, or increase the participant's safety in the home environment. A participant may access the service only if the individual does not have the funds to purchase the item or service, or the item or service is not available through another source. Experimental or prohibited treatments are excluded.</p> <p>The limit may be exceeded only by determination of need in accordance with the person-centered service plan and the participant directed budget. Individuals who may require services beyond the stated limit may work with their care coordinator and service provider to request additional service authorization by the ASO. The ASO will review the request for medical necessity and demonstrated need to extend the service beyond the limit, based on criteria developed by the Department.</p>	
<p>Additional needs-based criteria for receiving the service, if applicable (specify):</p>	
<p>N/A</p>	
<p>Specify limits (if any) on the amount, duration, or scope of this service for (chose each that applies):</p>	

<input checked="" type="checkbox"/>	Categorically needy (<i>specify limits</i>): Unallowable costs include, but are not limited to the following: 1. Alcoholic Beverages; 2. Bad Debts; 3. Contributions and Donations; 4. Defense and prosecution of criminal and civil proceedings, claims, appeals and patent infringement; 5. Entertainment Costs; 6. Incentive compensation to employees; 7. Personal use by employees of organization-furnished automobiles (including transportation to and from work); 8. Fines and Penalties; 9. Goods or Services for Personal Use; 10. Interest on Borrowed Capital/Lines of Credit; 11. Costs of Organized Fundraising; 12. Costs of Investment Counsel/Management; 13. Lobbying; 14. Renovation/Remodeling and Capital Projects.) Customized Goods and Services should be used as the funding source of last resort - only for those costs that cannot be covered by any other source and that are vital to the implementation of the POC. Funding shall not exceed \$2,000 annually per participant.		
<input checked="" type="checkbox"/>	Medically needy (<i>specify limits</i>): Service limits are the same as those for the categorically needy.		
Provider Qualifications (<i>For each type of provider. Copy rows as needed</i>):			
Provider Type <i>(Specify):</i>	License <i>(Specify):</i>	Certification <i>(Specify):</i>	Other Standard <i>(Specify):</i>
Providers of Customized Goods and Services		COMAR 10.09.45 and completion of Department-approved training	Enrolled as a Mental Health Case Management Provider under COMAR 10.09.45. The CCO must have a written customized goods and services policy and procedures to ensure accountability and ensure that all customized goods and services expenditures are verifiable. The CCO shall revise its policy as needed and communicate the changes in writing to all parties. The CCO shall account for all funds used and shall comply with requirements established by DHMH. The CCO shall submit requests for customized goods and services within the bounds of the program to the Department or its designee for approval and purchase.
ALL HCBS Benefit Providers			All service providers will be required to comply with the following requirements:

			<ol style="list-style-type: none"> 1) Provide the documentation required by the Department for initial approval and provider recertification, or as requested by the Department; 2) Have a provider agreement in effect, to include adherence to quality assurance, auditing, and monitoring policies and procedures; 3) Receive training and certification as required and approved by MHA and determined to be appropriate for the level and scope of services provided; 4) Meet all the conditions for participation in COMAR 10.09.36 except as otherwise specified; 5) Maintain general liability insurance, and provide proof of this insurance at the time of initial application to be a provider of HCBS benefit services, at recertification, and upon request by the Department; 6) Be included on the Plan of Care in order to bill for a service; 7) Make available to the Department and federal funding agents all records, including but not limited to personnel files for each individual employed, and financial, treatment, and service records for inspection and copying; and 8) Comply with the following prohibitions against utilization of staff: <ol style="list-style-type: none"> a. Unless waived by the Department in accordance with §d below, prohibit from working with the participant or the participant's family any staff, volunteers, students, or any individual who is: <ol style="list-style-type: none"> i. Convicted of, received probation before judgment, or entered a plea of nolo contendere to a felony or a crime of moral turpitude or theft; or ii. 2. **Policies Concerning Payment for State plan HCBS Furnished by Relatives, Legally Responsible Individuals, and Legal Guardians.** (By checking this box the state assures that): There are policies pertaining to payment the state makes to qualified persons furnishing State plan HCBS, who are relatives of the individual. There are additional policies and controls if the state makes payment to qualified legally responsible individuals or legal guardians who provide State Plan HCBS. (Specify (a) who may be paid to provide State plan HCBS; (b) the specific State plan HCBS that can be provided; (c) how the state ensures that the provision of services by such persons is in the best interest of the individual; (d) the state's strategies for ongoing monitoring of services provided by such persons; (e) the controls to ensure that payments are made only for services rendered; and (f) if legally responsible individuals may provide personal care or similar services, the policies to determine and ensure that the services are extraordinary (over and above that which would ordinarily be provided by a legally responsible individual):
-

Participant-Direction of Services

Definition: Participant-direction means self-direction of services per §1915(i)(1)(G)(iii).

1. Election of Participant-Direction. *(Select one):*

<input type="radio"/>	The state does not offer opportunity for participant-direction of State plan HCBS.
<input type="radio"/>	Every participant in State plan HCBS (or the participant’s representative) is afforded the opportunity to elect to direct services. Alternate service delivery methods are available for participants who decide not to direct their services.
<input checked="" type="radio"/>	Participants in State plan HCBS (or the participant’s representative) are afforded the opportunity to direct some or all of their services, subject to criteria specified by the state. <i>(Specify criteria):</i>
	Parents and guardians will be permitted to direct customized good and services.

2. Description of Participant-Direction. *(Provide an overview of the opportunities for participant-direction under the State plan HCBS, including: (a) the nature of the opportunities afforded; (b) how participants may take advantage of these opportunities; (c) the entities that support individuals who direct their services and the supports that they provide; and, (d) other relevant information about the approach to participant-direction):*

Participant direction of Customized Goods and Services provides caregivers and participants the opportunity to identify unique and thus hard to define therapeutic goods, services, activities which will support their recovery, increase community integration, and achieve success with essential life tasks and milestones. The participants will plan these services with an additional aim of reducing reliance on traditional long-term Medicaid services such as Psychiatric Residential Treatment Facilities for Youth and Psychiatric Rehabilitation.

The CCO supports participants and caregivers in self-direction. The CCO is responsible for development of the POC, and will discuss the option to include Customized Goods and Services in the POC. The CCO will explain to participants and their caregivers how these choices work and support their decisions. They may assist in developing a therapeutic plan and budget for the participant directed Customized Goods and Services. In addition, local County Mental Health Authorities will serve as the local quality manager to assure the participant-directed options adhere to State and federal requirements and limits.

3. Limited Implementation of Participant-Direction. *(Participant direction is a mode of service delivery, not a Medicaid service, and so is not subject to statewideness requirements. Select one):*

<input checked="" type="radio"/>	Participant direction is available in all geographic areas in which State plan HCBS are available.
<input type="radio"/>	Participant-direction is available only to individuals who reside in the following geographic areas or political subdivisions of the state. Individuals who reside in these areas may elect self-directed service delivery options offered by the state, or may choose instead to receive comparable services through the benefit’s standard service delivery methods that are in effect in all geographic areas in which State plan HCBS are available. <i>(Specify the areas of the state affected by this option):</i>

4. Participant-Directed Services. *(Indicate the State plan HCBS that may be participant-directed and the authority offered for each. Add lines as required):*

Participant-Directed Service	Employer Authority	Budget Authority
Customized goods and services	<input type="checkbox"/>	<input checked="" type="checkbox"/>

5. **Financial Management.** *(Select one):*

<input checked="" type="radio"/>	Financial Management is not furnished. Standard Medicaid payment mechanisms are used.
<input type="radio"/>	Financial Management is furnished as a Medicaid administrative activity necessary for administration of the Medicaid State plan.

6. **Participant-Directed Person-Centered Service Plan.** *(By checking this box the state assures that):* Based on the independent assessment required under 42 CFR §441.720, the individualized person-centered service plan is developed jointly with the individual, meets federal requirements at 42 CFR §441.725, and:

- Specifies the State plan HCBS that the individual will be responsible for directing;
- Identifies the methods by which the individual will plan, direct or control services, including whether the individual will exercise authority over the employment of service providers and/or authority over expenditures from the individualized budget;
- Includes appropriate risk management techniques that explicitly recognize the roles and sharing of responsibilities in obtaining services in a self-directed manner and assures the appropriateness of this plan based upon the resources and support needs of the individual;
- Describes the process for facilitating voluntary and involuntary transition from self-direction including any circumstances under which transition out of self-direction is involuntary. There must be state procedures to ensure the continuity of services during the transition from self-direction to other service delivery methods; and
- Specifies the financial management supports to be provided.

6. Voluntary and Involuntary Termination of Participant-Direction. *(Describe how the state facilitates an individual’s transition from participant-direction, and specify any circumstances when transition is involuntary):*

If a participant declines participant direction of the service, the CCO will assume responsibility for arranging the service as appropriate on their behalf. The only circumstance in which a family would be involuntarily terminated from using customized good or services would be in cases of suspected or substantiated fraud or abuse.

7. Opportunities for Participant-Direction

a. Participant–Employer Authority (individual can hire and supervise staff). *(Select one):*

<input checked="" type="radio"/>	The state does not offer opportunity for participant-employer authority.
<input type="radio"/>	Participants may elect participant-employer Authority <i>(Check each that applies):</i>
<input type="checkbox"/>	Participant/Co-Employer. The participant (or the participant’s representative) functions as the co-employer (managing employer) of workers who provide waiver services. An agency is the common law employer of participant-selected/recruited staff and performs necessary payroll and human resources functions. Supports are available to assist the participant in conducting employer-related functions.
<input type="checkbox"/>	Participant/Common Law Employer. The participant (or the participant’s representative) is the common law employer of workers who provide waiver services. An IRS-approved Fiscal/Employer Agent functions as the participant’s agent in performing payroll and other employer responsibilities that are required by federal and state law. Supports are available to assist the participant in conducting employer-related functions.

b. Participant–Budget Authority (individual directs a budget). *(Select one):*

<input type="radio"/>	The state does not offer opportunity for participants to direct a budget.
<input checked="" type="radio"/>	Participants may elect Participant–Budget Authority.
	Participant-Directed Budget. <i>(Describe in detail the method(s) that are used to establish the amount of the budget over which the participant has authority, including how the method makes use of reliable cost estimating information, is applied consistently to each participant, and is adjusted to reflect changes in individual assessments and service plans. Information about these method(s) must be made publicly available and included in the person-centered service plan):</i>

	<p>The CCO will offer the participant and caregivers the opportunity to elect participant-directed Customized Goods and Services as part of their ongoing POC. The delivery of Customized Goods and Services is a new approach within the mental health field and the \$2,000 limit is based on the State's experience conducting a grant-funded pilot project of Self-Directed mental health care. In this pilot program, requests for customized goods and services rarely exceeded this amount. The budget limit encourages prioritizing the use of therapeutic resources, developing an important skill for the young people and their families to be better consumers of healthcare.</p> <p>Procedures for the implementation of Customized Goods and Services will be developed to establish uniform and consistent application to all enrollees, including methodologies such as securing three bids or price estimates for all goods or services procured statewide. The procedures that will govern Customized Goods and Services will be publicly disseminated and provided to all enrollees by their CCO. The procedures will state that Customized Goods and Services plans will be based on therapeutic needs and that not all plans will utilize the full \$2000 amount, and that changes in service plans may justify additional requests.</p> <p>Individuals who may require services beyond the stated limit may work with their provider to request additional service pre-authorization by the ASO. The ASO will review medical necessity for demonstrated continued need, based criteria developed by the Department.</p> <p>Expenditure Safeguards. <i>(Describe the safeguards that have been established for the timely prevention of the premature depletion of the participant-directed budget or to address potential service delivery problems that may be associated with budget underutilization and the entity (or entities) responsible for implementing these safeguards):</i></p> <p>Each family that elects participant direction of customized goods and services will be subject an expenditure review with their care coordinator at their regular team meetings to assure that premature depletion or underutilization of services are not an issue. Team meetings take place every 45 days.</p>
--	---

Quality Improvement Strategy

(Describe the state's quality improvement strategy in the tables below):

Discovery Activities					Remediation	
Requirement	Discovery Evidence <i>(Performance Measures)</i>	Discovery Activity <i>(Source of Data & sample size)</i>	Monitoring Responsibilities <i>(agency or entity that conducts discovery activities)</i>	Frequency	Remediation Responsibilities <i>(Who corrects, analyzes, and aggregates remediation activities; required timeframes for remediation)</i>	Frequency of Analysis and Aggregation
Service plans address assessed needs of 1915(i) participants, are updated annually, and document choice of services and providers.	1. % of participants who had a team meeting at least every 45 days 2. % of participants whose plan of care (POC) was updated to include change in progress, services or other areas within five (5) days of the team meeting	1. Defensible sample of case files (electronic or paper) of participants who were enrolled during the time period under review 2. Review of all POC during identified time period for a defensible sample of participants who were enrolled during the time period under review	1. DHMH/MHA, with CSAs 2. DHMH/MHA with CSAs	1. Every 12 months 2. Every 12 months	1. DHMH/MHA with CSAs 2. DHMH/MHA with CSAs	If a performance improvement plan is needed, a program director must submit a proposal within 10 working days. The final performance improvement plan must be submitted to MHA, ASO, and CSA, as applicable, within 30 working days of notice of program deficiencies. The CSA will follow up with the program 3 months after the final implementation of the performance improvement plan.

	<p>3. % of participants whose POC indicates they were afforded choice in the selection of services and providers</p> <p>4. Utilization review of services on POC in conjunction with provider authorization and claims data</p>	<p>3. Review of all POC during identified time period for a defensible sample of participants who were enrolled during the time period under review</p> <p>4. Review of all POC during identified time period for a defensible sample of participants who were enrolled during the time period under review</p>	<p>3. DHMH/MHA with CSAs</p> <p>4. ASO</p>	<p>3. Indirect Cost (7% of salaries)	\$ 472.50																																				

Total cost for 1 FTE respite care worker	\$ 15,469.50								
Hourly Rate--Not Including Respite Care Worker (Based on 1386 hours)	\$ 11.16								
Hourly Rate for Administration + Respite Care Worker + \$1 Youth Activity Fee	\$ 25.16								
<p>Assumptions</p> <p>68% billable time</p> <p>Respite Care worker has caseload of 15</p> <p>Hourly rate is added to hourly pay for respite care worker of \$13/hour</p> <p>Additional \$1 youth activity fee per hour is added to total</p> <p>Payment for Community Based Respite Care service as outlined per Attachment 3.1-i page 24-25 and is reimbursed at an hourly unit of service. Community Based Respite Care providers are defined per Attachment 3.1-i page 25-26.</p> <p>The agency's fee schedule was set as of October 1, 2014 and is effective for services provided on or after that date. All rates are published on the agency's website at http://dhmh.maryland.gov/bhd/SitePages/1915i%20State%20Plan%20Amendment%20-%20Community%20Options%20for%20Children,%20Youth,%20and%20Families.aspx. State developed fee schedule rates are the same for both governmental and private individual practitioners and the fee schedule and any annual/periodic adjustments to the fee schedule are published at the above website address.</p> <p>OUT OF HOME RESPITE CARE</p> <p>Out of Home respite services are provided on an overnight basis for a minimum of 12 hours, and are reimbursed using a flat per diem rate. The service has a maximum of 24 units per year, subject to medical necessity criteria override. The service may not be billed on the same day as community-based respite.</p> <table border="1"> <tr> <td colspan="2">Out-of-Home Respite</td> </tr> <tr> <td>Median per diem rate for 109 "preferred" programs</td> <td>181.31</td> </tr> <tr> <td>10% Administrative Charge</td> <td>18.13</td> </tr> <tr> <td>Total</td> <td>199.44</td> </tr> </table> <p>The rate development is based on the Fiscal Year 2012 Maryland Interagency Rates Committee (IRC) rates for residential child care facilities and child placement agencies. The IRC is charged with developing and operating a rate process for residential child care and child placement agency programs that is fair, equitable and predictable, and is comprised of representatives from the Department of Budget and Management, Department of Health and Mental Hygiene Administration/Mental Hygiene Administration, Department of Human Resources/Social Services Administration, Department of Juvenile Services, Governor's Office for Children and the Maryland State Department of Education (http://www.marylandpublicschools.org/MSDE/divisions/earlyinterv/IRC).</p>		Out-of-Home Respite		Median per diem rate for 109 "preferred" programs	181.31	10% Administrative Charge	18.13	Total	199.44
Out-of-Home Respite									
Median per diem rate for 109 "preferred" programs	181.31								
10% Administrative Charge	18.13								
Total	199.44								

The IRC identifies programs as "preferred" or "non-preferred." For this rate development, only preferred provider rates were incorporated. Additionally, only the per diem rates for group homes, therapeutic group homes, and treatment foster care providers were included.

The fiscal model identified in the August 2006 Real Choice Systems Change Grants for Community Living: A Feasibility Study to Consider Respite Services for Children with Disabilities in Maryland prepared by The Hilltop Institute (formerly the Center for Health Program Development and Management) at UMBC included a 10% administrative cost for training, family support, outreach and provider recruitment that was specific to the youth at the highest levels of care. A similar finding of a need for additional administrative funds was identified by the Respite Care Committee under the Maryland Blueprint for Children's Mental Health Committee.

Payment for Out Of Home Respite Care service as outlined per Attachment 3.1-i page 24-25 and is reimbursed at an hourly unit of service. Out Of Home Respite Care providers are defined per Attachment 3.1-i page 25-26.

The agency's fee schedule was set as of October 1, 2014 and is effective for services provided on or after that date. All rates are published on the agency's website at <http://dhmh.maryland.gov/bhd/SitePages/1915i%20State%20Plan%20Amendment%20-%20Community%20Options%20for%20Children,%20Youth,%20and%20Families.aspx>. State developed fee schedule rates are the same for both governmental and private individual practitioners and the fee schedule and any annual/periodic adjustments to the fee schedule are published at the above website address.

For Individuals with Chronic Mental Illness, the following services:

	Quality Assurance/Management Info. Systems Director	\$ 90,000	0.09	\$ 8,100	\$ 2,025	\$ 10,125.00
	Admin. Assistant	\$ 35,000	0.25	\$ 8,750	\$ 2,188	\$ 10,937.50
	Billing Support	\$ 35,000	0.05	\$ 1,750	\$ 438	\$ 2,187.50

Specialist					
<i>Total</i>		1.68	\$ 92,600	\$ 23,150	\$ 115,750
Other Costs					
Rent (\$15/sq ft, 144 sq ft per FTE)					\$ 3,628.80
Cellular Phone, Internet & Communications (@\$110/month per FTE)					\$ 2,217.60
Office supplies and maintenance (paper, postage, pens, printing, copier/fax) @ \$750 per FTE					\$ 1,260.00
Mileage (20,000 miles per year @ \$0.555/mile)					\$ 11,100.00
Management Information System @\$150 per FTE					\$ 252.00
Insurance (general liability, professional liability) @ \$1,000 per FTE					\$ 1,680.00
Indirect Cost (7% of salaries)					\$ 6,482.00
Total Cost for 1 FTE Therapist					\$ 142,370.40
Weekly rate (Total Cost/52 weeks/11 clients)					\$ 248.90
<p>Assumptions: Caseload of 11 clients Supervisor caseload of 5 therapists Maximum length of service is 16 weeks</p> <p>Intensive In-Home Services (IIHS) providers may be reimbursed at a regular weekly rate of service. The approved IIHS providers will bill the Department of Health and Mental Hygiene directly for the services rendered. No more than one unit of service may be billed for services delivered at the same time by the same staff. Private and public IIHS providers will be reimbursed at the same rate.</p> <p>The rate development adheres to the CMS-accepted methodology for cost-based rates, which includes salary, fringe benefits, indirect costs, and transportation costs based on an average of the mileage experience in current IIHS program. Cost estimates conform to our experience with programs similar to IIHS in Maryland, including the salaries paid.</p> <p>An IIHS provider may bill for a week only if an IIHS activity occurred for the covered youth on at least one day of the billable week. A minimum of one (1) face-to-face contact is required per week. At least fifty percent (50%) of therapist's contacts with the youth and/or family must be face-to-face. A minimum of fifty percent (50%) of the therapist's time must be spent working outside the agency and in the youth's home or community, as documented in the case notes. An individual can only receive IIHS services from one provider at a time. Partial hospitalization/day treatment, mobile crisis response services (MCRS), and other family therapies cannot be charged at the same time. IIHS providers are expected to provide crisis response services for the youth on their caseload.</p> <p>An evidence-based practice (EBP) is defined as a program, intervention or service that:</p> <ol style="list-style-type: none"> 1. is recognized by DHMH as an EBP for youth; 					

- a. are derived from rigorous, scientifically controlled research; and
 - b. can be applied in community settings with a defined clinical population;
2. has a consistent training and service delivery model;
 3. utilizes a treatment manual; and
 4. has demonstrated evidence that successful program implementation results in improved, measureable outcomes for recipients of the service intervention.

The rate for the IIHS-EBP (and, in particular, the caseload used) was based on Functional Family Therapy, an established EBP in Maryland. The rate is higher for those programs that are identified as an EBP, in keeping with the established practice of different reimbursement rates for an EBP versus non-EBP service (e.g., Mobile Treatment Services and Assertive Community Treatment).

The weekly rate for the IIHS-EBP program is based on the cost of a therapist with a maximum caseload of 11 and a maximum length of stay in the program of 16 weeks. The supervisor caseload is a ratio of 1:5. The rate includes other costs, including mileage costs (at least 50% of face-to-face contacts must be in the home or community, and the therapist must see the youth and family face-to-face at least once each week), rent, and communications costs.

Payment for Intensive In-Home service as outlined per Attachment 3.1-i page 15-16 and is reimbursed a weekly unit of service. Intensive In-Home providers are defined per Attachment 3.1-i page 16-19.

The agency's fee schedule was set as of October 1, 2014 and is effective for services provided on or after that date. All rates are published on the agency's website at <http://dhmh.maryland.gov/bhd/SitePages/1915i%20State%20Plan%20Amendment%20-%20Community%20Options%20for%20Children,%20Youth,%20and%20Families.aspx>.

State developed fee schedule rates are the same for both governmental and private individual practitioners and the fee schedule and any annual/periodic adjustments to the fee schedule are published at the above website address.

Total Cost FTE					\$ 123,220.40
Weekly rate (total cost/(52*12))					\$ 197.47
Assumptions:					
Caseload of 12 clients					
Supervisor caseload of 5 therapists					
Youth may stay in for a year					
Clients are supported by .5 FTE therapist, .5FTE in-home stabilizer, .2 supervisor/clin lead, and .08 clinical director					
<p>Intensive In-Home Services (IIHS) providers may be reimbursed at a regular weekly rate of service. The approved IIHS providers will bill the Department of Health and Mental Hygiene directly for the services rendered. No more than one unit of service may be billed for services delivered at the same time by the same staff. Private and public IIHS providers will be reimbursed at the same rate.</p> <p>The rate development adheres to the CMS-accepted methodology for cost-based rates, which includes salary, fringe benefits, indirect costs, and transportation costs based on an average of the mileage experience in current IIHS program. Cost estimates conform to our experience with programs similar to IIHS in Maryland, including the salaries paid.</p> <p>An IIHS provider may bill for a week only if an IIHS activity occurred for the covered youth on at least one day of the billable week. A minimum of one (1) face-to-face contact is required per week. At least fifty percent (50%) of therapist's contacts with the youth and/or family must be face-to-face. A minimum of fifty percent (50%) of the therapist's time must be spent working outside the agency and</p>					

development of the initial crisis plan with the care coordinator and family at the beginning of services under the 1915(i) HCBS benefit. The approved MCRS providers will bill the Department of Health and Mental Hygiene directly for the services rendered. No more than one unit of service may be billed for services delivered at the same time by the same staff. Private and public MCRS providers will be reimbursed at the same rate.

The rate development adheres to the CMS-accepted methodology for cost-based rates, which includes salary, fringe benefits, indirect costs, and transportation costs based on an average of the mileage experience in similar non-office based programs. (Salaries are assumed based on the credentials for the personnel and the salaries paid to similar individuals in other programs.)

The design of MCRS was based in part on the Mobile Urgent Treatment Team (MUTT) in Milwaukee, which is a part of Wraparound Milwaukee. MUTT has identified that approximately 50% of a MUTT clinician’s time is spent in face-to-face clinical care, with the remaining time spent in travel, documentation, and non-face to face activities. For every crisis responder that is employed, there needs to be a percentage of a clinical supervisor and a crisis stabilizer to ensure that the crisis calls are appropriately triaged and the necessary level of clinical expertise is available.

Payment for Mobile Crisis Response service as outlined per Attachment 3.1-i page 19 and is reimbursed per fifteen minute unit of service. Mobile Crisis Response providers are defined per Attachment 3.1-i page 21-22.

The agency's fee schedule was set as of October 1, 2014 and is effective for services provided on or after that date. All rates are published on the agency's website at <http://dhmh.maryland.gov/bhd/SitePages/1915i%20State%20Plan%20Amendment%20-%20Community%20Options%20for%20Children,%20Youth,%20and%20Families.aspx>. State developed fee schedule rates are the same for both governmental and private individual practitioners and the fee schedule and any annual/periodic adjustments to the fee schedule are published at the above website address.

EXPRESSIVE AND EXPERIENTIAL BEHAVIORAL SERVICES

Proposed Rates

Expressive Therapies--Individual, LMHP	45-50 minutes	\$68.41
Expressive Therapies--Individual, LMHP	75-80 minutes	\$89.62
Expressive Therapies--Individual, non LMHP	45-50 minutes	\$62.19
Expressive Therapies--Individual, non LMHP	75-80 minutes	\$80.85
Expressive Therapies--Group, LMHP	45-60 minutes	\$24.16
Expressive Therapies--Group, LMHP	75-90 minutes	\$31.41
Expressive Therapies--Group, non LMHP	45-60 minutes	\$27.20
Expressive Therapies--Group, non LMHP	75-90 minutes	\$35.36

LMHP=Licensed Mental Health Practitioner

Rates from FY13 PMHS:	
45-50 minute rate for an individual clinician in the PMHS, FY 13	62.19
75-80 minute rate for C&A Prolonged Psychotherapy	80.85
45-60 minute rate for C&A group psychotherapy	27.2
Prolonged rate for C&A Group Psychotherapy	35.36

The approved expressive & experiential behavioral therapy providers will bill the Department of Health and Mental Hygiene directly for the services rendered. No more than one unit of service may be billed for services delivered at the same time by the same staff. Private and public expressive and experiential behavioral therapy providers will be reimbursed at the same rate.

Rate development: The following details the rate development for expressive and experiential behavioral therapy services. Expressive and Experiential Behavioral Therapy Services Providers must have a) A bachelor's or master's degree from an accredited college or university; and (b) Current registration in the applicable association. The applicable registrations and associations include the following:

- Dance Therapist Registered or Academy of Dance Therapists Registered in The American Dance Therapy Association
- Certified by The Equine Assisted Growth and Learning Association (EAGALA) to provide services under the EAGALA model or The North American Handicap
- Horticultural Therapist Registered by The American Horticultural Therapy Association
- Music Therapist-Board Certified by the Board for Music Therapists, Inc in the American Association for Music Therapy, Inc.
- Registered Drama Therapist or Board Certified Trainer in the National Association for Drama Therapy

These associations, registrations and certifications were identified as having comprehensive standards, continuing education requirements, and examinations. As such, the rate for this service has been aligned with the Medicaid rate for individual practitioners (licensed certified social worker-clinical, nurse psychotherapist, licensed clinical professional counselor, licensed clinical marriage and family therapist, and certified registered nurse practitioner-psychiatric) for 45-50 minutes of individual therapy with a child or adolescent (\$62.19/hour). These rates were set by the State of Maryland at approximately 70% of the Medicare rate for individual therapy provided by practitioners of a similar skill level.

Expressive and experiential behavioral therapy service providers who are licensed mental health professionals (licensed certified social worker-clinical, nurse psychotherapist, licensed clinical professional counselor, licensed clinical marriage and family therapist, and certified registered nurse practitioner-psychiatric) are reimbursed for this service at a rate that is 10% greater than the standard rate for non-mental health licensed professionals providing the same service. A differential was selected based on the additional costs to providers to obtain and maintain their license and the cost of and time required to obtain continuing education credits.

In the 1915(c) PRTF Demonstration Waiver (RTC Waiver), it was difficult to 1)

ascertain how many of the expressive and experiential behavioral service providers were also licensed mental health clinicians and 2) encourage licensed mental health clinicians who were already Public Mental Health System providers to enroll to provide the additional service (a necessary step in helping families and youth to identify the most appropriate provider to address their needs). As a result, the higher rate was developed to address both of these issues through a mechanism to encourage provider enrollment and more accurately track provider utilization. The group rates were set based on the C&A Group Psychotherapy Rates.

Payment for Expressive and Experiential Behavioral service as outlined per Attachment 3.1-i page 29-30 and is reimbursed either a 45-50 unit of service or a 75-80 unit of service. Expressive and Experiential Behavioral providers are defined per Attachment 3.1-i page 27-29.

The agency's fee schedule was set as of October 1, 2014 and is effective for services provided on or after that date. All rates are published on the agency's website at <http://dhhm.maryland.gov/bhd/SitePages/1915i%20State%20Plan%20Amendment%20-%20Community%20Options%20for%20Children,%20Youth,%20and%20Families.aspx>. State developed fee schedule rates are the same for both governmental and private individual practitioners and the fee schedule and any annual/periodic adjustments to the fee schedule are published at the above website address.

30 minute rate	\$ 31.94
15 minute rate	\$ 15.97
15 minute telephonic/non-face-to-face rate	\$ 7.98

Assumptions:
*Supervisor: FSP ratio is 1:10

The rate development adheres to the CMS-accepted methodology for cost-based rates, which includes salary, fringe benefits, indirect costs, and transportation costs based on an average of the mileage experience in current peer support programs. Cost estimates conform to our experience with peer support in Maryland.

The 15-minute rate was calculated as the cost for one family support partner for 12 months divided by 1,352 billable service hours. This was based on the amount of time that is spent traveling (without the family present), completing documentation, participating in training (including the Wraparound Practitioners Certificate Program), and leave time. Indirect costs were calculated at the standard 10% of salaries.

The telephonic rate is established at 50% of the regular rate.

Payment for Family Peer Support service as outlined per Attachment 3.1-i page 26-27 and is reimbursed a fifteen minute unit of service. Family Peer Support providers are defined per Attachment 3.1-i page 27-29.

The agency's fee schedule was set as of October 1, 2014 and is effective for services

	<p>provided on or after that date. All rates are published on the agency's website at http://dhmh.maryland.gov/bhd/SitePages/1915i%20State%20Plan%20Amendment%20-%20Community%20Options%20for%20Children,%20Youth,%20and%20Families.aspx. State developed fee schedule rates are the same for both governmental and private individual practitioners and the fee schedule and any annual/periodic adjustments to the fee schedule are published at the above website address.</p>
<input type="checkbox"/>	<p>HCBS Clinic Services (whether or not furnished in a facility for CMI)</p>
<input checked="" type="checkbox"/>	<p>Other Services (specify below)</p>
	<p>CUSTOMIZED GOODS AND SERVICES</p> <p>Customized Goods and Services are those used in support of the child and family’s Plan of Care (POC) for a participant receiving care coordination from a Care Coordination Organization (CCO). All customized goods and services expenditures must be used to support the individualized POC for the child and family and are to be used for reasonable and necessary costs. Reasonable, defined as a cost that, in its nature and amount, does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the cost. Necessary, defined as those that are likely to improve outcomes or remediate a particular and specified need identified in the POC. The CCO must have a written customized goods and services policy and procedures to ensure accountability and comply with requirements established by DHMH. The CCO shall submit requests for customized goods and services within the bounds of the program to the Department or its designee for approval and purchase.</p> <p>Reimbursement for purchases under the Goods and Services benefit will require prior approval and be reviewed on a per request basis. Prior to reimbursement, it must be demonstrated that the purchaser received multiple quotes and paid a price that a prudent buyer would have paid. Claims under this benefit will be capped at \$2,000 per year per beneficiary. The state must adhere to CMS record keeping requirements (42 CFR §431.107) and providers must keep records of documented medical necessity for CGS</p> <p>Unallowable costs include, but are not limited to the following: Unallowable costs for customized goods and services include, but are not limited to the following:</p> <ol style="list-style-type: none"> (1) Alcoholic beverages; (2) Bad debts; (3) Contributions and donations; (4) Defense and prosecution of criminal and civil proceedings, claims, appeals, and patent infringement; (5) Entertainment costs (6) Incentive compensation to employees; (7) Personal use by employees of organization-furnished automobiles, including transportation to and from work; (8) Fines and penalties; (9) Goods or services for personal use; (10) Interest on borrowed capital/lines of credit; (11) Costs of organized fundraising;

	<p>(12) Costs of investment counsel/management; (13) Lobbying; or (14) Renovation/remodeling and capital projects</p> <p>Customized Goods and Services should be used as the funding source of last resort for those costs that cannot be covered by any other source and that are vital to the implementation of the POC.</p> <p>Payment for Customized Goods and Services as outlined per Attachment 3.1-i page 31 and is reimbursed for approved purchases. Customized Goods and Services providers are defined per Attachment 3.1-i page 32-36.</p>

Groups Covered
Optional Groups other than the Medically Needy

In addition to providing State plan HCBS to individuals described in 1915(i)(1), the state is **also** covering the optional categorically needy eligibility group of individuals under 1902(a)(10)(A)(ii)(XXII) who are eligible for HCBS under the needs-based criteria established under 1915(i)(1)(A) and have income that does not exceed 150% of the FPL, or who are eligible for HCBS under a waiver approved for the state under Section 1915(c), (d) or (e) or Section 1115 to provide such services to individuals whose income does not exceed 300% of the supplemental security income benefit rate. (*Select at least one*):

The state covers all of the individuals described in item (a) and (b) described below. (*Complete (a) and (b)*).

OR

The state covers only the following group individuals described below. (*Complete (a) or (b)*).

(a) Individuals not otherwise eligible for Medicaid who meet the needs-based criteria of the 1915(i) benefit, have income that does not exceed 150% of the federal poverty level, and will receive 1915(i) services.

Income Standard

150% FPL

Methodology used (Select one)

SSI

OTHER (*describe*):

For states that have elected the SSI methodology, the state uses the following less restrictive 1902(r)(2) income disregards for this group. (*Describe the 1902(r)(2) income disregard(s) below*):

There is no resource test for this group.

- (b) (i) Individuals who are eligible for home and community-based services under a waiver approved for the State under section 1915(c), (d) or (e) to provide such services to individuals whose income does not exceed 300% of the supplemental security income benefit rate. (*Select*):

- 300% of the SSI/FBR
 (*Specify*) _____% Less than 300% of the SSI/FBR

The state uses the same eligibility criteria that it uses for the special income level group.

Specify the applicable name and or number of the applicable 1915(c) Waiver or Waivers that these individuals would be eligible: Model Waiver for Disabled Children, Medical Day Care Waiver, Waiver for Children with Autism Spectrum Disorder, and the Community Pathways Waiver.

- (ii) Individuals eligible for 1915(c)-like services under an approved 1115 waiver. The income and resource standards and methodologies are the same as the applicable approved 1115 waiver.

Specify the applicable name and or number 1115 waiver Demonstrations that these individuals would be eligible: _____.
