

Announcing the TA Network's First TA Tidbit: Utilization of Inpatient and Residential Care

We are pleased to share our inaugural TA Tidbit, which consists of resources provided in response to requests from grantees on various topics.

This month's topical focus is on **data from several states on utilization of inpatient and residential care for children and youth.**

Connecticut:

- [Child and Adolescent Residential Treatment Programs: A Review of Average Length of Stay \(ALOS\) and Factors Effecting Length of Stay](#)

Maine:

- [Average Length of Stay for Child Inpatient Psychiatric Services 2014](#)
- [Average Length of Stay for Child Inpatient Psychiatric Services 2015](#)
- [Average Length of Stay in Child PNMI Settings 2015](#)
- [Child Fiscal Year End Reports FY 2014](#)

Maryland:

- [Public Mental Health System \(PMHS\) Inpatient Quarterly Report](#)
- [Public Mental Health System \(PMHS\) Residential Treatment Quarterly Report](#)
- [Public Mental Health System \(PMHS\) Quarterly Report](#)

New York:

- [Medicaid All Services Utilization for the Mental Health Population FY 2013](#)
- [Medicaid All Services Utilization for the Mental Health Population FY 2014](#)
- [Severe Mental Illness/Serious Emotional Disturbance Status by Program Category](#)
- [Average Length of Stay](#)
