

RockStar Youth Leadership Track Wellness Plan

It is important to be reflective of your strengths, needs, and challenges to ensure your well-being while attending conferences. The following voluntary Wellness Plan template is designed for each participant to fill out as a support tool to help maintain social and emotional well-being. The questions are designed to help you recognize what support would look like at the event. Completing a personalized Wellness Plan is not required but is highly encouraged.

This wellness plan is designed for YOU, but you may want to share it with a peer or supportive adult who is traveling with you, so that they can know how best to support you. Feel free to ask a peer or supportive adult to help you complete this form. Just make sure the information is from you. You are the best expert of yourself!

NOTE: If an emergency requiring medical attention arises, please call 9-1-1 or go to the nearest Emergency Room.
