Grantee: Head Start of Washington County 56

Preface

Head Start and Early Head Start are federally funded comprehensive child development programs that serve children, birth to age 5, from families that meet income eligibility guidelines. They are child-focused programs that have the overall goal of increasing the school readiness of young children.

Head Start is administered by the Head Start Bureau, Administration for Children and Families (ACF) and the U.S. Department of Health and Human Services. Grants are awarded directly to local public agencies, private non-profit and for-profit organizations, Indian Tribes, and school systems for the purpose of operating Head Start programs at the local community level.

In Maryland, these funds support 25 Head Start, Early Head Start, and Home-based Head Start Grantee Offices, with 19 Delegate Offices and 239 program sites. In total, these programs serve 10,234 children from income-eligible families. Head Start grantee and delegate agencies provide a range of appropriate, individualized services in the areas of early education, health, nutrition, and parent involvement.

The purpose of the Maryland Head Start State Collaboration Project is to influence the development of multi-agency and public/private collaborative partnerships between Head Start and other interested individuals and organizations. By working together with existing statewide organizations and initiatives, the Collaboration Project supports the increased availability of comprehensive early care and education services for low-income young children and their families.

The Maryland Head Start State Collaboration Project and Maryland Family Network (MFN), a long-standing advocate for early childhood care and education, have participated in a collaborative project for several years. Since 1988, MFN has published the *Directory of Head Start Programs in Maryland*. LOCATE staff contact all Head Start programs in the state on an annual basis to gather information on locations, hours of operations, and current capacities. Additionally, the Directory contains a listing of Head Start Grantees and Delegate agencies in all jurisdictions of Maryland, as well as a listing of all program sites. Wherever possible, program directors' names, email addresses and fax numbers have been included. The Directory is current as of January 2015.

For more information regarding this directory please contact:
